Participant Observation. The Ethnographic Interview.

The Ethnographic Interview is precisely what its title suggests: an interview-based research strategy wherein the analysis is based strictly on verbal depictions. Here it is implied that the researcher has little or no need to venture into the informant's everyday world. The dictum surrounding Spradley's

THE ETHNOGRAPHIC INTERVIEW - Northeastern University

THE ETHNOGRAPHIC INTERVIEW Ethnography is a form of qualitative research that includes descriptions of people, places, languages, events, and products. The data is collected by means of observation, interviewing, listening, and immersion with the least amount of distortion and bias. The following is an overview of interviewing.
